

T-top Boat Shade Kit

World's Finest Marine Shade

RESILIENCETM

*exclusively designed for
UV-protection for the
marine industry*

T-top Boat Shade Kit

RESILIENCE shades are specifically designed for UV-protection and to handle harsh marine environments.

RESILIENCE is bonded with an outer UV reflective coating. At 20% stretch, it offers an effective UV block of 98% and it will reflect up to 75% of UV heat.

RESILIENCE elasticity allows it to fit many size boats, which gives it a custom fit appearance.

RESILIENCE is extremely breathable and whisper quiet while underway and it can handle speeds up to 30 knots. Because of dark pigments, it holds up to UV rays the longest and provides the most UV protection.

RESILIENCE, designed for occasional use only, has a one year warranty.
Shade color: BLACK

T-top Boat Cover's

RESILIENCE shades' qualities and features make this the best product available for Sun protection anywhere!
